About Wozart

Wozart is the most advanced wireless smart home automation solution in India. It is retrofittable and modular, making it a perfect system for automating anything from a single room to complete building. Wozart provides a holistic smart home experience without the need for any expensive renovations to your home.

Wozart has been honored with prestigious awards and recognitions that validate its dedication to excellence and cutting-edge technology. The following are a few of Wozart's notable achievements

Why Wozart

Wireless

Wozart works on wireless data communication protocols. With this technology you can add more devices anytime without any changes to your home.

Modular

Be it a single appliance or a complete building automation, the solution can be expanded gradually to your growing needs.

Remote Access

With the mobile application & voice assistants, you can control & monitor your home from anywhere, anytime & using any device.

Shared Access

Sharing the joy of smart living is as easy as sending an email. Invite family members & friends to access your home - all from the app.

Compact & Durable

Wozart devices are crafted beautifully by our designers & fit seamlessly to your home architecture. They are built to last.

Safe

All wireless communication & access to your home is protected using the highest level encryption using TLS protocols & secure cloud platforms.

Easy to Install

Wozart's minimalistic design makes installation hassle free. Without having to change a thing, setting up the Wozart is as easy as it gets.

Plays well with others

Our products work with major smart home ecosystems and are ready for integration with other manufacturers' hardware and software.

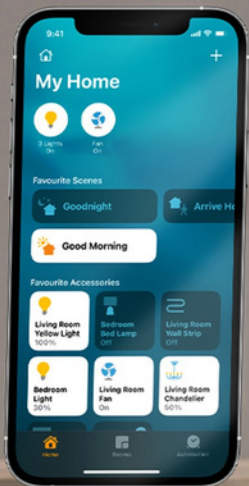

Warranty

All Wozart product can be replaced in full for three years from date of purchase in case of damage or malfunction due to manufacturing defects.

Retrofit smart devices

Wozart Switch Controller

Wozart Switch Controller is a wireless smart device that fits inside a switch box and enables control of four independent electrical appliances or circuits. Wozart Switch Controller can control connected loads using voice assistants, mobile app, through automation or via physical switches. Wozart Switch Controller can control 3 connected loads up to 150W and two loads up to 1000W.

Integration

Input Voltage	:	100-240 V ~ 50/60 Hz
Dimensions	:	58.5x85x20 mm
Wireless Protocol	:	Wi-Fi IEE 802.11b/g/n 2.4 GHz, Thread Compatible
No.of Controls	:	5
Supported Wattage	:	3 * 150 W & 2 * 1000 W

Wozart Switch Controller Mini

Wozart Switch Controller Mini is a wireless smart device that fits inside a switch box and enables control of two independent electrical appliances or circuits with a power output of up to 150W. Wozart Switch Controller Mini can control connected loads using voice assistants, mobile app, through automation or via physical switches.

No.of Controls	:	2
Supported Wattage	:	2 * 150W

Wozart Dimmer

Wozart Dimmer is a wireless smart device that fits inside a switch box and enables control of one LED light with intensity regulation (Smooth dimming) for both trailing & leading-edge lighting types upto 100W. Wozart Dimmer can control connected loads using voice assistants, mobile app, through automation or via physical switches.

Dimensions	:	47x47x21 mm
Wireless Protocol	:	Wi-Fi IEEE 802.11b/g/n 2.4 GHz, Thread Compatible
No. of Controls	:	1, Phase cut dimming
Supported Wattage	:	1 * 100W

Wozart Switch Controller Pro

Wozart Switch Controller Pro is a wireless smart device that fits inside a switch box and enables control of three independent electrical appliances or circuits with a power up to 150W, and a fan with 4-step speed control (Humming noise-free). Wozart Switch Controller Pro can control connected loads using voice assistants, mobile app, through automation or via physical switches.

Dimensions	:	58.5x85x20 mm
Wireless Protocol	:	Wi-Fi IEE 802.11b/g/n 2.4 GHz, Thread Compatible
No.of Controls	:	4
Supported Wattage	:	3 * 150W, 1 * 150W (4-step speed control)

Wozart Motor Controller

Wozart Motor Controller is designed to control any AC powered motorized curtain or blinds. It enables you to open & close your curtains using app interfaces, voice assistants or manually. Wozart Motor Controller can be integrated with other compatible devices giving you a seamless experience from sunrise to sunset.

Light Dimming

Input Voltage	:	100-240 V ~ 50/60 Hz
Dimensions	:	162 x 44 x 30 mm
Wireless Protocol	:	Wi-Fi IEE 802.11b/g/n 2.4 GHz, Thread Compatbile
Dimming Type	:	Triac-based smooth dimming, Tunable control
Supported Wattage	:	Upto 60W

Experience
the next generation of
touch

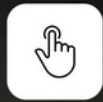

Effortless Control. Timeless Design.

Wozart Touch Switches elevate your living experience by offering a perfect blend of functionality and aesthetics. These touch panels provide seamless control over your lights, appliances, and scenes with just a tap, making them ideal for both new and upgraded homes. Combining cutting-edge Wi-Fi and Thread wireless technology with an elegant design, Wozart Touch Switches integrate intuitively into any modern environment.

They are retrofit, require no electrical rewiring, and are compatible with standard Indian switchboard gang boxes.

App Control

Wozart Touch Switches - 4 Control

This controls four electrical circuits, each supporting a maximum load of 250W, and is designed to fit into a two-gang modular box.

Product Features

No.of Touch Controls	04
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	4 * 250W
Connectivity	Matter compatible

Available Colours:

Frame: ☐ Sunset Copper ☐ Midnight Black ☐ Moon Silver

Glass: ☐ Glacier White ☐ Midnight Black

Wozart Touch Switches

- 2 Dimming Control

This controls two dimmable circuits (phase cut), each with a maximum load of 150W, and is designed to fit into a two-gang modular box.

Product Features

No.of Touch Controls	02
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Dimming type	Phase cut dimming
Load Capacity	2 * 150W
Connectivity	Matter Comaptible

Available Colours:

Frame:  Sunset Copper  Midnight Black  Moon Silver

Glass:  Glacier White  Midnight Black

Wozart Touch Switches - 4 Scene Control

This device controls four different scenes with scene customizability on app and is designed to fit into a two-gang modular box.

Product Features

No.of Touch Controls	04
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	NA
Connectivity	Matter Compatible

Available Colors:

Frame:  Sunset Copper  Midnight Black  Moon Silver

Glass:  Glacier White  Midnight Black

Wozart Touch Switches

- 6 + 1 Control

This controls six on/off electrical circuits and one fan dimming, each on/off supporting a maximum load of 250W and fan supporting upto 150W, and is designed to fit into a six-gang modular box.

Product Features

No.of Touch Controls	7
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	6 * 250W 1 * 150W
Connectivity	Matter Comaptible

Available Colours:

Frame: ☒ Sunset Copper ☐ Midnight Black ☐ Moon Silver

Glass: ☒ Glacier White ☐ Midnight Black

Wozart Touch Switches - 8 Control

This controls eight on/off electrical circuits, each circuit supporting a maximum load of 250W, and is designed to fit into a six-gang modular box.

Product Features

No.of Touch Controls	08
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colors for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	8 * 250W
Connectivity	Mater Compatible

Available Colours:

Frame:  Copper Gold  Midnight Black  Moon Silver

Glass:  Moon White  Midnight Black

Wozart Touch Switches

- 5+1+1 Control

This controls five on/off electrical circuits supporting a maximum load of 250W, one fan dimming supporting upto 150W and one 6A indian socket, and is designed to fit into a eight-gang modular box.

Product Features

No.of Touch Controls	07
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	5 * 250W 1 * 150W 1 * 6A
Connectivity	Matter Comaptible

Available Colours:

Frame: Sunset Copper Midnight Black Moon Silver

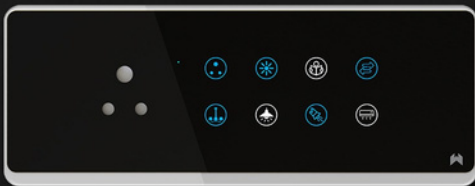

Glass: Glacier White Midnight Black

Wozart Touch Switches - 7+1 Control

This controls seven on/off electrical circuits supporting a maximum load of 250W and one 6A indian socket, and is designed to fit into a eight-gang modular box.

Product Features

No.of Touch Controls	08
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	7 * 250W 1 * 6A
Connectivity	Matter Compatible

Available Colors:

Frame:  Sunset Copper  Midnight Black  Moon Silver

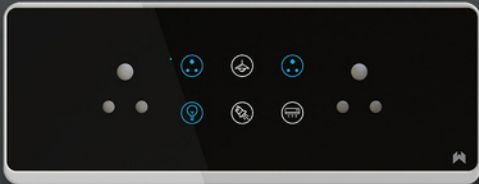

Glass:  Glacier White  Midnight Black

Wozart Touch Switches

- 4+2 Control

This controls four on/off electrical circuits supporting a max load of 250W, two 6A indian socket and is designed to fit into a eight-gang modular box.

Product Features

No.of Touch Controls	06
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	4 * 250W 2 * 6A
Connectivity	Matter Compatible

Available Colours:

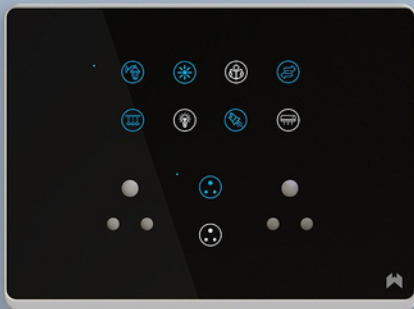

Frame: ☐ Sunset Copper ☒ Midnight Black ☐ Moon Silver

Glass: ☐ Glacier White ☒ Midnight Black

Wozart Touch Switches - 8+2 Control

This controls eight on/off electrical circuits supporting a maximum load of 250W and two 6A indian socket, and is designed to fit into a twelve-gang modular box.

Product Features

No.of Touch Controls	10
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	8 * 250W 2 * 6A
Connectivity	Matter compatible

Available Colours:

Frame:  Sunset Copper  Midnight Black  Moon Silver

Glass:  Glacier White  Midnight Black

Wozart Touch Switches

- 16 Control

This controls sixteen on/off electrical circuits supporting a maximum load of 250W and is designed to fit into a twelve-gang modular box.

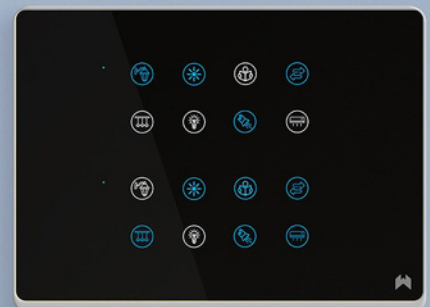

Product Features

No.of Touch Controls	16
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	16 * 250W
Connectivity	Matter compatible

Available Colours:

Frame:  Sunset Copper  Midnight Black  Moon Silver

Glass:  Glacier White  Midnight Black

Wozart Touch Switches - 12+2 Control

This controls twelve on/off electrical circuits supporting a maximum load of 250W and two fan control supporting upto 150W, and is designed to fit into a twelve-gang modular box.

Product Features

No.of Touch Controls	14
Touch type	Capacitive touch
Control interface	Touch, App and Voice control
Backlight colours	Customizable RGB colours for both ON and OFF states
Front body & frame finish	Toughened front glass with Aluminium frame, shock proof and splash proof
Icon layout	Customizable to user preference
Load capacity	12 * 250W 2 * 150W
Connectivity	Matter compatible

Available Colours:

Frame:  Sunset Copper  Midnight Black  Moon Silver

Glass:  Glacier White  Midnight Black
